4" x 6"	\$12	\$19	-	-

Basic Series

A natural finish with no protection and no special sprays or texture – requires glass or laminate to protect the surface. No retouching is offered with the Basic series.

Premiere Series

Premiere portraits receive a basic level of retouching of most blemishes on the face and neck and softening of lines and shadows under the eyes and laminate surface treatment. This laminate surface treatment protects against UV rays and finger markings. The 11" x 14" and larger portraits are mounted and ready for framing. All 4" x 6", 5" x 7", and 8" x 10" portraits will be delivered in standard black folders.

Prestige Series

Prestige portraits, our most popular series, receive deluxe retouching of imperfections on the face, neck and shoulders and softening of smile lines and shadows under the eyes. The Prestige portrait is mounted and permanently sealed with a UV laminate. This reduces glare and fading from UV exposure to stand the test of time.

Masters Series

Our Masters Series portraits are our most elegant and highest quality portrait option. The portrait is enhanced to bring out the subject through full retouching and minor artwork then printed on a fine art canvas. Once printed the canvas is then stretched and sealed on an artist's frame to become a masterpiece in your home for generations to come.
